B Technical Status:

HAVE YOU BEEN TO THE SITE? Have you seen the first gallery forming. You can now stand in the first gallery formation and look over Kampala city. The alter plat forms are completed. The bell tower is going to the 3rd level. 50% of the first gallery has been cast. This milestone has taken longer than anticipated due to extensive structural details, but we hope to recover from time lags in the subsequent stages. Steel fixing and Casting concrete for structural walls, columns, staircases and mezzanine levels continue. Quality assurance and strengths tests are done per batch for each structural element. The Cathedral Management continues to request for your understanding and patience as we face some inconveniences and limited parking areas, all for the good of God's work among us.

To contribute to the building of the Cathedral, you can deposit money directly on our bank accounts using the details on the white ACP envelopes.

You can also contribute to the building of the Cathedral using mobile money. Below are the steps to follow while **paying using mobile money.**

A WORD FROM THE PROVOST

CALLED TO PRAY WITHOUT CEASING (1THESS 5:16-18)

Good morning saints. I hope you had a fruitful week; and I must say it's always a great blessing to have you gather with all of us, at this special assembly marked by God's presence.

I am sure most of us are aware that the month of January is one of intensive intercession and teaching on prayer, in an effort to soak ourselves in God's Word and also equip us for battle and position us for victory in the new year. My experience is such that, when God says, "Pray", I want to know it will matter. I am not into religious exercises and my time is valuable so is yours. S. D. Gordon once said, "You can do more than pray after you have prayed, but you cannot do more than pray until you have prayed...Prayer is striking the winning blow...service is gathering up the results." Was he right or wrong? If on the other hand, John Wesley was correct when he once said: "God does nothing on earth save in answer to believing prayer," I will lose sleep for that. I will change my lifestyle for that. I will turn the TV off, and even miss a meal or two for that; this in essence is praying unceasingly.

A question many of us grapple with is, "Does a sovereign, all powerful God need our involvement or not? Is prayer really necessary? Is it therefore necessary to pray without ceasing? If so why? My conviction is that our prayers can bring revival. They can bring healing. We can change a

nation. Strongholds can come down when and because we pray. I therefore agree with E. M Bounds when he said, "God shapes the world by prayer. The more praying there is in the world the better the world will be, the mightier the forces against evil...The prayers of God's saints are capital stock of heaven by which God carries on His great work upon earth. God conditions the very life and prosperity of His cause on prayer."

In view of the above, it is my prayer that you purpose to join the band of faithful intercessors, this month and seek God's face so as to birth the desired change in our lives, families, church, nation and globe; and may the good Lord really bless you as you make that important commitment

The Very Rev. Canon Michael Mukhwana
PROVOST

HOME CELL PAGE FOR 14TH JANUARY 2018

“Behold, how good and how pleasant it is for brethren to dwell together in unity” - [Psalms 133:1].

Laying a foundation on the Theme: Unlocking Family Potential for Divine Destiny to the three [3] congregations and based on Romans 8:28-30 and Matthew 20:20-23, the Provost of ASCK Rev. Canon Michael Mukhwana clearly defined ‘to Unlock’ as means to undo as well as unleashing the stored energy; while ‘Divine Destiny’ is to reach/ come to a place of Christ’s likeness. He further on reminded the congregations that God created us as relational beings [Gen 1:28-29] but due to man’s fall in [Gen 3]; the relationship between God and man was broken and only restored through Jesus’s redemptive work on the Cross. The Preacher pointed out:

- * The manifestations of evil that hinder families from experiencing fulfillment that God has design for them which include among others: Near success syndrome, Night mares (Demonic oppressions), Persistent sickness that defile Medical diagnosis, Marital inegibility & Instability (divorce, separation) to mention but a few. He cautioned that once the above have developed into generational patterns of occurrence, they become a threat that needs to be addressed.
- * The Provost on the other hand highlighted some of the hindrances to unlocking the family potential and they include: Curses, un-confessed sin, cultism, Witchcraft, Idolatry, poor parental upbringing (Child Abuse and Pampering) to mention but a few. Congregations were urged to unlock their family potential by identifying the gates to rewrite your family history;
- * The Preacher also explained the process of dealing with the barriers to unlocking family potential which included: By doing Spiritual mapping through identifying patterns of an evil foundations.
- * The Provost further highlighted the remedies to these wrong foundations – inclusive: Giving your life to the Lord, identification of sin, covenants/ strongholds and engage in identification repentance, renounce and break the satanic covenants and terms, pray to release the captives within your family, destroy the existing altars; and redeem your family from satanic controls;
- * He finally urged the Parishioners to attend teachings at Church for personal deliverance, doing prophetic praying, covenant the family with God’s promises [Ephesians 6: 12-18].

Prayer Items and Guiding Question

- 1) As a Cell, reflect on the above message in line with your life, Family, Church and Nation.
- 2) Prayerfully commit those hindrances to God such that you can attain full potential for which God created you.
