**Point:** Don't worry about the things you need, trust Jesus as your king to provide

Jesus taught his disciples how people in his kingdom (Christians) live. He told them not to worry about the things they need. For example, food and clothes. Jesus told them they should not worry about these things because God knows that they need them and he will provide. He told them to focus on living the way God wants them to live.

**Memory verse:**

**Matthew 5:3**

Blessed are the  
poor in spirit, for  
theirs is the  
kingdom  
of  
heaven.

So far, we have learnt that people of the kingdom come to Jesus empty and trust Jesus alone to save them, they are light to the world, they love their enemies and they keep their treasure in heaven by living for Jesus now.

We are continuing with Jesus' teaching on **the Sermon on the mount**; teaching his disciples about the kingdom of heaven and how people of the kingdom live.

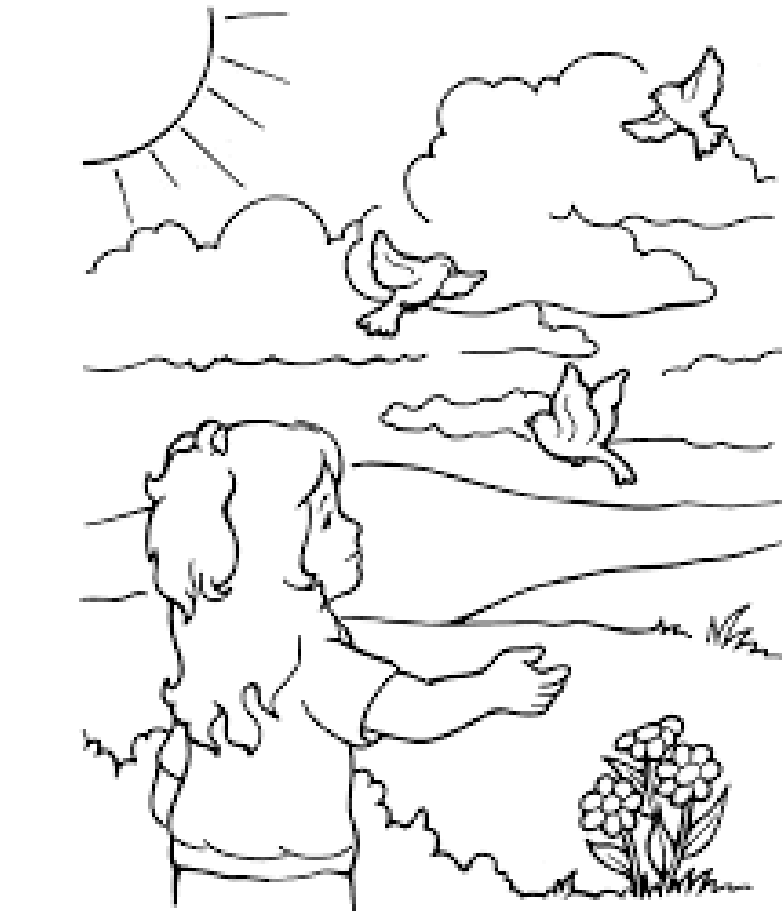

Jesus told his disciples not to worry about life - the things they need; what they would eat, drink or wear. He told them not to worry because God knew that they needed and would provide.

Jesus told his disciples that if God the father could provide for birds and take care of flowers, He most definitely could take care of them because they are more valuable than birds or flowers.

Instead of worrying, Jesus told his disciples to be concerned with the Kingdom of God and with what he required of them - God would provide them with all the other things.

So people of the kingdom (Christians) should not worry about the things they need; instead, they should pray and trust Jesus as their king to provide, then focus on living as God wants them to.
