

PROPHETIC INSIGHT INTO 2016

Delivered by: Dr. James Magara 31 December 15

At Deliverance Church Nsambya Overnight

He said that we are in a season of ACCELERATION.

We are coming into a season of MANIFESTATION where; a lot of what God has been doing secretly will become prominent.

God has lit a lamp (Matthew 5:14-16) and we have come to a time when God is going to lift many lights that He has lit to put them on a stand.

The darker the night, the brighter the light.

When we speak about light, we are referring to works. We are not saved by works but we are rather created in Christ to do good works that He has already prepared for us in advance (Ephesians 2:8-10)

Light also means that there will be crisis. Let us approach whatever comes while knowing that God has a solution. In many cases, we are going to be the answer whether at personal, church or national level.

Light (a place of prominence) also attracts many things that may be unpleasant. Those who like the deeds of the dark will not like it when light is brought forth. We should be able to withstand persecution because it will come as a result of manifestation.

There is much that God has been doing which has been quiet but the time has come for Him to bring it to the light. God is saying that "It is time for me to lift my lights and put them on a lamp stand."

Prayer points.

1. Pray that you will be ready for acceleration in your life.
 2. Pray that you will have the same confidence Joseph had and the boldness David.
 3. Pray for your loved ones in the family, at work, in church or the community where you live that God may help them to shine like the stars; that they may know Him and do great exploits.
- May God help them find the good works that were prepared for them beforehand.
